

Nick Fury Will Be Back in a Future Avengers Movie

From: /Film Mined: 2026-10-08 3 min read

Samuel L. Jackson plays Nick Fury in Marvel movies. Nick Fury is the **super-agent** who first brought the Avengers together as a team.

The next big Avengers movie is called "Avengers: Doomsday." It has lots of heroes, like Captain America and Thor. But Nick Fury will not be in it.

Good news for Fury fans! In an **interview**, Jackson said he will be in the movie after that one. It is called "Avengers: Secret Wars." It is planned to come out on December 17, 2027. When asked what it is about, Jackson said, "I have no idea."

The name "Secret Wars" comes from a Marvel **comic** from 1984 and 1985. In that story, a powerful being sends heroes and **villains** to a planet called Battleworld. They are told to fight, and the winner gets a wish. It is like a giant answer to the question, "Who would win in a fight?"
